PROJECT DESCRIPTION							
Oak City is in the process of trying to drill a deeper well at another site.							
Water pipes and valves are out dated and most shut off valves are broke and no longer work. In desperate need of replacement							
Drill backup well							
Hydrants and emergency valves are old and most of them don't work	-						
replace old water meters with new auto read meters							
It was determined that the design of the sewer lagoon is inadequate for Hinckley's needs. This project will ensure the lagoons are adequ	ate						
Adding additional sewer lagoon(s) to the city's existing sewer lagoon system.							
Inspect and recoat the insides of water storage tanks.							
Master plan for storm drain system after flooding in 2021							
Expanding the current library building to add about 2,500 square feet to existing building							
Convert outdoor basketball court into multi-purpose basketball, tennis, pickle ball court. Enclose in high fence. Add lighting and benche	s.						
Addition of new sewer headworks and reconfiguration of existing sewer lagoons.
